Today's Game.  
4 p. m.—Hawaii vs. Maul.

Punahou 10, Hawaii 1.  
It wasn't until the eighth inning of yesterday's game at Athletic Park that Jack Easton's Hawaii baseball aggregation broke into the run column, thereby saving a whitewashing at the hands and bats of Al Castle's Punahou amateurs. The Puns collected 16 hits while the Hawaiis were making six errors, and that about tells the story of the game. It was an off-day for baseball, and both the crowd and the players seemed depressed.

Punahou batters had no difficulty in finding Mahuka, the Hawaii choice for pitching detail, but the Hilo man stuck to his job, and did the very best he could, in spite of a lack of a lacing that would have discouraged most twirlers. When the game was half gone it was apparent that only a miracle could save defeat for the Big Islanders, but they needed cheerfully resigned to their impending fate, and didn't do any cringing. The game was well conducted, all decisions of Umpires Stanyon and Bruns going unchallenged.

"Big Bill" Inman had a very good day on the hill for Punahou. He had a nice assortment of slants and benders, which he used to such purpose that only two lonely singles were collected off his delivery. Inman seems to have gained confidence in himself in the last few games he has pitched, and it has improved his work considerably.

The runs started in the first, when two Punahou men had been retired. Derby then came through with a double to center, and W. Hoogs followed with a sharp drive to second. Ke-koa fought the ball little, but made the throw in plenty of time, but Spencer was over anxious, and let the ball go by him. Derby scoring, and Hoogs going to second on the play. Lyman hit, and went to second on the throw which failed to get Hoogs at the rubber, and then scored on Henshaw's long hit to right. Three runs.

Two hits, one of them a two bagger by Henshaw, netted another run in the third, and in the fifth another Punahou man crossed the plate. In the seventh the Puns scored two, one in the eighth, and two in the ninth, both hits secured in this last frame going for an extra base.

The Hawaiis' lone run came in the eighth. Mahuka waited for four wide ones, and then stole second. The next man was out second to first, but Brickwood came through with a clean hit to left, and the Hawaii pitcher scored.

The Puns played first-class ball, and can be counted on to give the other teams a hard rub for honors, not only in the present series, but in the Oahu League race as well. Lyman caught a reliable game, and in fact all the players showed to advantage. Brewer, at short, was especially brilliant, running well behind second base to stop one drive, and making the throw just in time to catch the runner. On another occasion he ran into left and grabbed W. Desha's fly with a contortionist catch, rolling over, but still hanging onto the ball.

### LUNCHEON WITH COURTNEY.

At an informal luncheon in Chicago recently, nearly 20 of his former pupils in rowing sat down with the "old man," as Charles E. Courtney, the Cornell coach, is affectionately called. And it is safe to say that they were very nearly all winners.

### HOW BRICKLEY STARTED.

Charles Brickley told a friend that he acquired his wonderful drop-kick dexterity by practicing boots for an hour a day at a window in the old barn door. It would be a thing of beauty and joy forever to possess Brickley's fame, but not at this terrible price.

## PAT RYAN IN TRAINING FOR A. A. U. INDOOR MEET

## KAUAI GERMANS FORM A STRONG SPORTING CLUB

The Germans of Lihue composing the football and other sporting aggregations held a meeting in the quarters of the Kegel Club at 3 o'clock Sunday afternoon, at which it was decided to form a new general organization, which would combine the forces now interested in football, baseball and other sports.

This part of the business was accomplished without difficulty, and the new name selected for the combination is "Deutsches Sporting Club," and its headquarters will be in Lihue.

The matter of football came up for discussion, and it was decided to issue a challenge for three games with a picked team from the Makaweli and All-American players. The Germans felt that such a team should be a strong one, and that the community would take a great deal of interest in a series of the sort indicated. The Makaweli and All-Americans will be expected to put up a cup to be played for.

The suggestion was made that the series begin next Sunday. This is found to be hardly practicable, however, for the reason that many of the best players of both the All-American and Makaweli teams will be absent in the city.

The meeting as a whole was a great success, and will result in a big boost for general sports in the island.

## TORONTO WILL HOLD FRANCHISE WITH THE FEDS

[By Latest Mail]

CHICAGO—The Federal League has survived another crisis. A protracted executive meeting of its magnates resulted, after a sharp discussion, in the announcement that Toronto would retain its franchise, despite the efforts of a considerable faction, led, it was reported, by Charles Weeghman, the Chicago backer, to substitute Cleveland for the Canadian city. The league was about evenly divided on the question of the transfer, but President Gilmore, who returned from Toronto, gave a report unexpectedly optimistic and swung the rest of the conferees to his side.

It was said that the magnates of the league at one time approached bitterness in their discussion, but finally it was agreed to submit to the will of the majority.

President Murphy of the Chicago Nationals was authority today for the statement that the installation of American Association teams in Chicago and Cleveland would be one of the steps taken by organized baseball in its war against the Federals. This was scouted by Weeghman, who was supposed—as was the case in a previous story of the same sort—to have been invited to take over the St. Paul franchise from the Federals. The American League was said to be back of this measure, while Murphy said he would not permit it.

Further information regarding the "war" came from other sources and tended to confirm an earlier story that the organized leagues would refrain from lawsuits.

Manager Brown of the St. Louis Federals, sent word he had signed Eddie Lennox, an infielder, formerly with Brooklyn and the Chicago Nationals.

## WOULD LABEL ALCOHOLIC LIQUORS AS POISON

Bill Proposed in N. Y. Legislature to Put Skull and Bones on the Bottles

[By Special Cable]

ALBANY (N. Y.)—All beverages containing more than 2 per cent alcohol will be labeled with skull and crossbones and other poison warnings, if a bill to be introduced in the legislature at the behest of the Anti-Saloon League becomes a law. The plan is to have the skull and crossbones printed in red ink, and under them a warning to this effect: "This preparation contains alcohol, which is a habit forming, irritant, narcotic poison."

Pupils in the Dickinson High School, Jersey City, went to school from 4:30 in the afternoon to 10 o'clock at night on one occasion lately, in order that the adult members of their families might see the school plant in operation. Over 15,000 citizens took advantage of the opportunity offered by Superintendent Snyder to see what the high school was actually doing. The school program was carried out in the regular order, including the serving of the school luncheon about the middle of the session.

Each class in the Fairmont, W.Va. High School is named for some prominent citizen of the city. The citizen thus designated is known as the class sponsor, the class bearing his name instead of the usual class numerals. The sponsor takes a personal interest in the class. He entertains them once or twice during their junior and senior years, and assists them in different ways in their various class enterprises. In some instances sponsors have been successful in keeping boys and girls in school who would otherwise have dropped out.

T. S. ANDREWS.  
That was the way the situation remained until out of a clear sky came the following thunderbolt:  
MILWAUKEE, Feb. 3.—Harry Foley, Manager of Willie Ritchie: Call off all negotiations and ignore former offer. Other party demands what he claims is due him, which makes it impossible to go ahead with match. You demand big guarantee, with unreasonable percentage. Spills great money. You were certain of \$25,000 to \$40,000, but I cannot stand to give everything. Am sorry, but must lose it. Have notified other party it is off for good. Hope we may get together some other time.

Both Foley and Ritchie say they are at a loss to understand the situation. The fact that Andrews had accepted their terms was proof that he did not consider the demand unreasonable, and the cancellation of the bout is evidently due to a higher demand from Wolgast.

"After all that Jones said about how anxious Wolgast was to get Ritchie back into the ring," said Foley, "it is surprising that he should make a demand which forces Andrews to call off the match. We're wiring Andrews for further information as to whether there is any chance for Wolgast to give in. In case the match cannot take place, we will wire Gibbons, who might be able to use Ritchie in New York with either Young Shugrue or Freddy Welsh for a bout in March."

So far as accepting a 10-round match here, that would hardly be fair to Coffroth or Murphy, and I do not believe that we would consider such a proposition. Ritchie's leg is getting along in nice shape, but he has naturally put on a lot of weight during his layoff, and I am planning to take him one of the springs for a week or 10 days."

Roadside signs, each containing a single catchy sentence in large type, are proving effective warning against fires on western forests. They give the essentials and tell the importance of protection against forest fires.

F. A. Elliott, state forester of Oregon, says that cooperative fire patrol associations among lumbermen for prevention of forest fires have proved their worth.

## Evans Smashes Three Bowling Marks at "Y"

HUGH B. EVANS

Honolulu's newest champion in the realm of sport is Hugh B. Evans, who now holds the three big alley records at the Y. M. C. A. that have stood since 1912. There were present quite a number of bowlers who witnessed his games and who vouch for the scores which have been accepted as alley records by the bowling manager.

He first pulled down George Wilkinson's 268 record for one game and hung up a 274 score. Next to fall was Clark's three-game total of 648, which made way for the new record of 690, and finally he lit upon White's five-game 1025 which now reads 1064.

Evans' chief assets as a bowler are steadiness and unerring aim, as his stride, delivery, and form are not above the average, having known the game only since December. He is a product of New York and is very proficient in all lines of athletics and is no mean scholar at chess.

He gives the credit for this achievement largely to J. C. Chamberlin who has been coaching him for his five-man team which has been recently organized to take part in the carnival bowling tournament.

## PACKEY TO TRAIN DOWN TO 142

Packey McFarland thinks that by hard work he may be able to train down to 142 pounds for his coming battle with Mike Gibbons. And this is the same Packey who was trying to con the sports into the belief that he really sought a match with Willie Ritchie within two pounds of the lightweight limit. Packey's cleverness with his dukes has only been equaled by his persistency in avoiding the scales.

## PICKPOCKETS PITY 'PROP' FAILS HIM

NEW YORK—When, nearly a year ago, Samuel Berman was arraigned before Judge Mott in the court of general sessions on a charge of picking pockets, a wistful woman, with four children clinging to her skirts, wept pitifully. The prisoner said she was his wife.

The court suspended sentence and a collection of \$100 was taken up for the family. Berman was in court today on a similar charge.

The judge eyed him wrathfully. He had learned that the prisoner's "wife and children" of a year ago had been stage properties hired for the occasion. The prisoner pleaded guilty to duping the judge and picking pockets. He was sentenced to five years in Sing Sing.

## SAINTS AND PUNS MEET IN SOCCER

Interscholastic Championship for Season Depends on Tomorrow's Game

St. Louis College and Punahou will battle tomorrow afternoon at 4 o'clock on the lower Punahou campus, for the 1914 interscholastic soccer championship. Punahou must win the game to win the laurels while the Saints will come off on the top if they hold the Oahuans down to a tie. The contest should be one of the best seen this season in interscholastic circles, for the opposing squads have been doing some hard work lately and are well-prepared for the match.

The Saints may be rated as slightly better than the Puns and many of the fans are looking forward to a blue and red victory. Taking all the games of the series into consideration they have played a better class of soccer than the wearers of the buff and blue.

Looking back over the past season reveals the fact that the unexpected has happened five out of ten times and since the Saints are aware of this they are not over-confident and have been doing some good work for the game.

Out at Oahu College soccer has been the important sport for the last few days and Captain Quintal is putting those finishing touches on his team which will make it a winner aggregation. Punahou is out to capture the laurels and they promise to give the Saints the hardest sort of a rub. A new man in the person of "Big Bill" Inman has been working carefully under the direction of the captain and he has developed into a reliable player. With the rest of his regular men Quintal expects to win the game.
